A Career in Teaching
Attn: Adrian Fernandez
5262 South Staples
Suite 220
Corpus Christi, TX 78411

Dear Mr. Fernandez:

The Bishop Consolidated Independent School District, which also serves the community of Petronila, supports your efforts to assist school districts in Region 2 by providing such a quality alternative teacher certification program.

We appreciate the high quality training that interns are receiving through your program in the area of Classroom Management, TEKS/TAKS, Curriculum Timelines, Technology Integration, Differentiated Instruction, etc. The instructional strategies that are being utilized by our teachers who came out of your program are phenomenal.

It is extremely important that you continue to provide the ongoing training and support that your interns are receiving. The first year to teach is always difficult and "Teacher Survival Tips" are crucial to these interns. Learning to work smart vs. working hard will help retain these new teachers in the teaching profession.

Thank you for assisting us in securing highly qualified teachers for our students. If Bishop CISD can serve your organization in any way, do not hesitate to call me at 361-584-3591, ext. 221.

Sincerely,

Christina Gutierrez
Superintendent
